GENERAL

What is Career Camp?
Career Camp provides an opportunity to reflect on your summer and college experience and then create an action plan for the following summer or after graduation. You’ll select the sessions that are right for you throughout the day. You may choose to:

- Identify your interests and explore options within those areas
- Understand how to select and apply to graduate, medical or law school
- Explore career paths and network with industry professionals
- Build professional skills such as resume and cover letter writing, interviewing, and networking
- Connect with an advisor to support you throughout the year
- Create an individualized action plan for the year ahead

Take advantage of this unique program to clarify your plans and use the year ahead to set your next summer goals.
