Getting to know myself...

I’m passionate about giving back to the community and making a difference so attending the Government and Public Policy Workgroup has been extremely beneficial! Over the last two semesters, I’ve attended weekly as my schedule allows to receive tips from industry pros while strengthening my search skills.

Bringing my story to life...

I’ve taken advantage of the Career Center staff’s knowledge and expertise that cover all aspects of the career process. My Career Advisor Amy Heath-Carpentier helped me improve my applications, resumes, and cover letters. This past summer, I interned with CBS Washington as a Political and Government Intern and with the Smithsonian Institution as a Personal Property Management Intern. It was great to be in the D.C. environment.

Up next... Public service. Years from now I’d like to be able to look back on my life and be satisfied with the contribution I’ve made to the world. We’ll see where life takes me!

FROM PASSION SPRINGS PURPOSE

“it’s never too early to start thinking about your next step, whether it’s an internship or post-grad plans.”

Matt’s Career Tip

9

Work Groups this spring can help with your job or internship search
